OTHER OPTIONS

FUNCTION BEVERAGES

ON-CONSUMPTION BAR TAB

A bar tab option is available for all functions. We recommend this arrangement to all patrons hosting events at Dutch Courage for the following reasons.

- You can set limits for the overall \$ value of the tab and limits on the drink selection for your guests. Both can be modified during your event ensuring you have full control over your expenditure at all times.
- You do not need to track or lock in exact guest numbers in the lead-up to and on arrival to your event.
- You are only charged for beverages consumed. So you aren't paying for no shows, late arrivals, early leavers or light drinkers.
- Our wide range of gins and cocktails lends more to the flexibility of a bar tab as you & your guests may want to try something new during the event that you hadn't contemplated when selecting your package.

CASH BAR

A cash bar option is available to all function bookings once minimum spend is reached or once the beverage package window concludes.

If approved by Dutch Courage in advance, cash bar purchases can contribute towards minimum spend for **exclusive use** functions (i.e. whole venue, whole mezzanine & ground floor). In this instance, a credit card number must be provided as security at the time of booking. In the event the minimum spend is not reached, the card is charged the difference as a room hire fee.

For **shared space** function bookings, cash bar purchases do not contribute towards minimum spend. Any applicable minimum spend must be paid in advance as a deposit.
