CONTEMPORARY DRY

Contemporary Dry

Made in the style of a London Dry but not meeting the strict technical definition. This is often due to botanicals being macerated in the spirit after distillation. Generally still juniper-forward with a combination of citrus, spice & floral elements.

NEW AGE

New Age - Citrus

Citrus is a core botanical in almost all gins, however in this selection the citrus is more prominent on the palate. Unique botanicals such as native Australian finger lime (Stone Pine) or cape gooseberry (Whitley Neill) create a vibrant, refreshing drinking experience.

Barrel-Aged

Bringing gin in to the realm of whisky, a few months in oak imparts soft notes of caramel & vanilla, creating an intriguing flavour combination. We recommend on the rocks or neat in a chilled tumbler, rather than mixing. Served without garnish.

Colombian Treasure	17		Columbia	rum

Non-Alcoholic Spirits

In the 1970s, you would say you were having a Claytons...the drink you're having when you're not having a drink. Thankfully these days, the quality and variety of non-alcoholic spirits has gone up significantly. And we serve them like a gin so nobody will know the difference! Tonic, ginger ale or soda are all good options for mixing.
